HERE COMES SIR REG WITH THEIR SECOND ALBUM "A SIGN OF THE TIMES".

Following on from their self titled debut **album SIR REG**, which **topped many of the best of 2010 lists** in the genre. They take it one step further with a work that sums up what it's like to live in this chaotic and unpredictable world of ours.

With songs sung by an **Irishman** and backed by fantastic **Swedish musicians**, **Dubliner Brendan Sheehy** and his companions certainly know how to challenge the listener's ear.

BEST OF CELTIC ROCK & PUNK FOR 2010
 #1 – SIR REG – s/t - CD
 John B. paddyrock.com

SIR REG is for lovers of **Flogging Molly, The Pogues, The Men They Couldn't Hang, The Dubliners, Dropkick Murphys** and others in the **folk/celtic/rock/punk style**.

The songs deal with issues of **hardship, emigration, pain and the desperation** that many of our people are faced with, as well as the hopes and dreams that we share and the belief in a better future.

Not afraid to explore territory beyond **Celtic Punk**, this album tells its story using a wide range of music styles, while faithfully remaining true to the **SIR REG sound**.

The recent **tours** of Europe, both with **The Misfits** and as a headliner, have given the band an insight into other creative areas of both music and thinking which is strikingly evident within this album.

This is the next stop on the **SIR REG journey**. Make sure to be a part of it. After all, deep down you already are!
